Chairman's Desk

Mr. Amandeep Gharia

"If you want to succeed, you should strike out on new paths rather than to travel the worn paths of accepted success".

It brings me an immense pleasure and pride to welcome you to MG Convent School. It is a premier educational institute where knowledge is the greatest wealth which equip the students to face the challenges of life competently. It is a matter of intense satisfaction that we have completed one decade.

The threshold of any educational institution are its teachers, who help in moulding the young minds into responsible sensitive human beings and it is a matter of great pride that the whole MG Convent Family leaves no stone unturned to achieve these goals.

The School Management is determined to provide holistic education to this region. MG Convent School offers a vast range of cultural, physical activities, art education, work experience and so on.

The highly developed web of activities lead toward the harmonious development of our children.

We will persue our aims and objectives for which we solicit the co-operation of all concerned and the blessing of God Almighty.

Manager's Desk

Mrs. Veena Kumari

The young generation of today goes by the saying, "Tell me and I will forget, show me and I may not remember, let me observe and I'll understand".

The modern education has transcended from knowing what is, to what lies within. Education today looks for ways of satisfying the inquisitive minds. Nothing has such power to broaden the mind as the ability to investigate systematically and truly all that comes under the spectra of life.

Education is not a preparation for life, Education is life itself. The need for character building, reviving and reinvigorating ethical and moral values require a balanced and harmonious environment.

MG Convent School has tried it's best to excel in all the departments for the growth of the students. The speciality of this institute is that it has given quality education accessible to all, thanks to the highly motivated staff and students of our Institution.

A Prayer.....

**May God bless our efforts
that we may learn how to serve,
that we may teach how to serve and
we may facilitate the growth of generations
who would be good and a genuine human and a spiritual person,
and who would facilitate holistic formation in today`s times.....**

Principal's Desk

As I walk down the hallways of the school everyday, I can hear the chatter of eager minds, the shouts of excitement from the sound of melodious voices harmonizing. The perpetual energy, movement and enthusiasm permeate the atmosphere at MG Convent School. We are a school with a difference ! We value individualism, creativity and innovation and strive to nurture them in our students.

The School encourages all students to participate in a variety of co-curricular activities from dance, art and drama to a variety of sports, social work and environment conservation activities, (the list goes on). It is important for children to explore and find their strengths in order to reach their true potential. Whether a child is an introvert or an extrovert personality, the aim is to nurture children into self-confident individual.

As a school we think about how to engage students and hold their attention. In a technology prevalent world today, we appeal to young minds by incorporating smart boards and other devices into the teaching and learning process.

Our mission is to continue to do what we have always done, develop this school and the students with integrity and value, to give our students the best opportunities and the best all-round education. Our vision is to produce conscientious, smart and confident citizens of India who will go out into the world and make us proud !.

For Parents:-

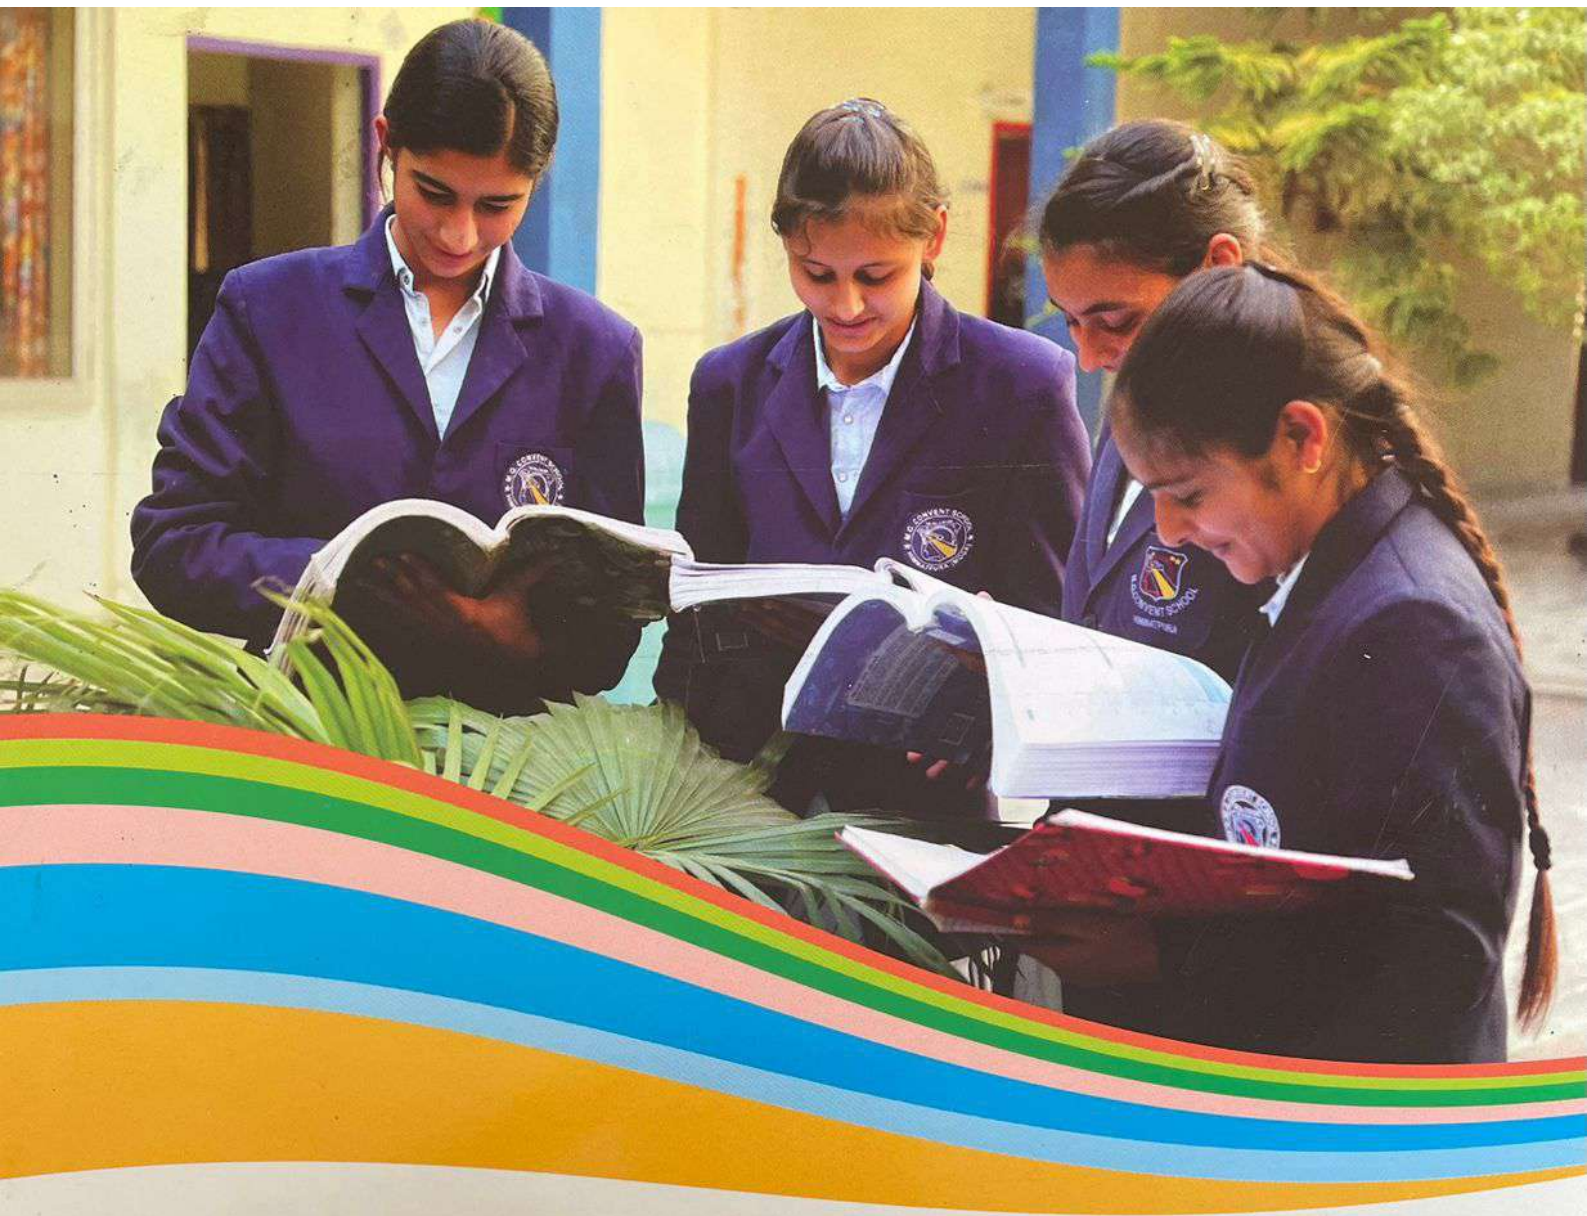

- * Childhood is not a race to see how quickly a child can read, write or count, Childhood is a small window of time to learn and develop at the pace which is right for each individual child.

Make The Ordinary Come Alive

Do not ask your children
to strive for extraordinary lives.
such striving may seem admirable,
but it is a way of foolishness.
Help them instead to find the wonder
and the marvel of an ordinary life.
Show them the joy of tasting
tomatoes, apples and pears.
Show them how to cry
when pets and people die.
Show them the infinite pleasure
in the touch of a hand.
And make the ordinary come alive for them.
The extraordinary will take care of itself.

Every body is a genius. But if you judge a fish by its ability to climb a tree,
it will live its whole life believing that it is stupid.

-Albert Einstein
